

The Demolition

2022 saw some powerful changes on site with the new entrant pupils using 'The Island' (classrooms by the courts), and other classes/teachers using 'The Village' (classrooms on the field). The biggest change was the demolition of the old Junior Block.

As the enormous arm of the digger swung over me I was terrified
Sebastian R.

I could hear breaking glass all the way from the classroom.
Preshtika M.

The excavator's tracks stomped on the old classrooms. The hose water danced on the dust. The jaws of the digger chomped and chomped the old classrooms to bits!

I built my own Excavator at the lego table.

Eric Z.

I heard loud noises and heard the roof crunching through because of the digger. I saw metal in the air and I heard metal crunching.

Yoshi R.

The floor was as dirty as a skunk! The digger was Donkey Kong smashing everywhere! The digger swallowed the classrooms.

Bobby T.

I saw it was half a building left and the next day it was gone.

Emma A.

I saw the building disappear in a whole day.

Elysse R.

The digger was so hungry it ate all the classrooms.

Jessica T.

The digger grabbed the roof. The digger banged on the classroom. The classroom screamed as it fell on the ground. The digger reached up to chomp the roof off. The digger is a dinosaur that bites the classroom. The digger is as tall as a giraffe. **Luke X.**

I bet it distracted a whole load of classes!

We could even see the wood framework of the old Junior Block! Our once favourite Junior Block is now a big messy demolition area!!

Cody DeV.

I saw the digger break into the classroom.
